Cheeverstown House Services Update – September 2020

Dear Family Member,

We wish to update you in relation to the current situation at Cheeverstown House in relation to COVID 19 restrictions.

Cheeverstown now has a number of suspected or confirmed cases among people using services and one designated centre on campus is now identified as an outbreak site under public health guidelines (i.e. two or more confirmed cases in one area). This situation remains under review with public health, however this outbreak status will remain until the area is 28 days clear of a confirmed case and additional restrictions are in place in this area during this period. Managers have contacted families who are directly impacted by this.

You will be aware that Dublin now has level 3 government restrictions applied. This means that in order to reduce resident contacts, visiting should be suspended to Cheeverstown Campus except in critical and compassionate circumstances. Visiting to community houses is strictly limited where possible to a nominated family member outdoors with agreement from the manager in that area. These measures are in place in Dublin for three weeks from midnight, 18th September.

While managing these further restrictions, Cheeverstown remains committed to continuing a level of day services for people supported as safely as possible. We appreciate the considerable impact and stress COVID-19 has had on people. However, we are obligated to adhere to Government, HSE and public health guidelines.

Thank you sincerely for your ongoing co-operation and support in these difficult times.

Yours sincerely,

TJ Duggan
Chief Executive Officer

Cheeverstown, Kilvare, Templeogue, Dublin 6W.
