## Resumption and Reconfiguration of Services – September 2020

Cheeverstown have made a lot of progress in recent times and we would like to highlight the work going on as we resume services. It should be noted that this work is based on public health guidance with oversight provided by the day services management team.

We ask for your patience and understanding as we communicate these plans to those directly affected over the coming days and weeks. Our goal is to provide more certainty. We are doing everything we possibly can to provide the best and safest service to people we support. Our ability to resume and/or reconfigure services is based on the current picture around transmission of the virus and is always subject to review as things change.

### **Day Services, Community Hubs and Supports**

- Each person and /or their family has had a communicated plan around the level and type of service they will receive in September. This will be reviewed regularly as the situation progresses.
- Partial resumption of day service locations.
- Outreach supports.
- Plans around the development of new community hubs are currently underway.

### **Our Residential Locations**

- Family visits were re-established at the end of July.
- Home visits on a person by person, planned basis and in adherence with guidelines.

Please contact your local service manager if you have particular concerns or needs and we will do our absolute best to support you.

Yours sincerely,

**TJ Duggan**
