Re: COVID 19 Vaccination Programme for All Adults Supported by Cheeverstown Services

Dear Family member,

I am pleased to inform you that it is anticipated that the HSE COVID 19 Vaccination Programme will be rolled out to all adults supported by Cheeverstown Services in the coming weeks.

This is very positive news for all people supported and their families and follows significant lobbying and consultation by organisations on behalf of people we support.

While discussions continue on the logistics of this vaccination programme we are hereby informing you that information is being submitted to the HSE on people supported by Cheeverstown (including name, date of birth and possibly PPS number).

Managers and our vaccination co-ordinator will be in contact with families with further information when known. However, we would ask for your co-operation to support this roll out. For people living at home with their families, this may require family members to support people to get to a vaccination hub. We will aim to support people as much as possible in co-ordinating this.

We wish to thank you for your continued co-operation with current restrictions. Cheeverstown's priority continues to be supporting people as safely as possible in these uncertain times.

Keep well.

Yours sincerely,

TJ Duggan
Chief Executive Officer

Cheeverstown, Kilvare, Templeogue, Dublin 6W.
